Subject: Draft Letter to Navy on July 17 2016 MWIWP
Attachments: Regulatory Agencies Partial Approval of the July 17, 2016 Revised MWIWP 28 July 2016.docx; Revised Location Map, Figure 2 of MWIWP.pdf

Here is the letter that I drafted to send to the Navy. They did address nearly all of our comments but I want to make sure they revise Figure 2, Location Map to show the new location of RHMW10, labeled RHMW10B on the attached map. And while the surveying comment was not highlighted as much in our previous letter, Bob W and I discussed the issue and decided it was important to get the Navy to change their approach sooner rather than later (waiting to include it as a comment in our review of the Section 6&7 workplan/Scope of Work)

Comments or additions by COB Monday would be appreciated.
